

Lake Shawnee News

President's Message

February 2018

So bitter cold and great ice, yet as I write this we are at 50 degrees with rain and we wait to see if we will be having our Winter Carnival this year! Crazy New Jersey winters.

With that said, Lake Shawnee has always been a very desirable lake to ice fish and is great for ice skating, as well. I have to remind everyone that badges should be worn or available and especially so for any member guests. We ask that you please do not simply invite friends to utilize the lake without you being present or without issuing them a guest badge. It is all too common to hear from non-members on the lake that they know someone, and it becomes difficult to verify. Keep in mind NJ Fish & Game requires a fishing license for anyone over 16 even on private lakes. Please be courteous to our residents and please no gas-powered ice augers before 8 am. All our ice fishing rules are posted on our website.

Please mark your calendar for our Annual Meeting which is scheduled for Saturday, March 10th at 11 am.

We need a quorum of approx. 50 members to conduct business. If you have never been to an Annual Meeting it is an opportunity for our Board of Governors and its' committees to report to the membership all the activities of the Club for the past year. The Annual Meeting notice will be arriving in the mail shortly. We should have an update on the proposed clubhouse renovations at the meeting. As we did in previous years, we will post the Annual Meeting information packet including minutes from last year's Annual Meeting on the Club's website in the Member's Only section for all to review. Please try and make an effort to attend.

Last, I would like to personally say goodbye to Club members Gerry & Kathy Remsen. We as a Club owe a huge debt of gratitude to Gerry for all his past and continued work on our dam. Gerry & Kathy are in the process of selling their home and are moving to Maine. I have had the honor and privilege of getting to know this man (and woman!) over the years having worked side by side with him on our dam since 2009 and I can tell you won't find a better person. We will never really know how much this man has saved this community in engineering costs, but I will guess it is in the hundreds of thousands. So, we can't possibly thank you enough, Gerry. The Lake Shawnee community wishes you and Kathy all the best in your future endeavors. Sad to see you go!

Think Spring!

ALLEN E. GEBHARDT

1947-2017

By Marc Sanderson

As most of you are aware, the Lake Shawnee Board of Governors lost a valuable member of their Board with the passing of Al Gebhardt. More importantly, the residents of the Lake lost a dear friend who would always lend a hand to build, repair or fix anything if asked. In fact, most of the time one didn't even have to ask, Al always volunteered to help.

There are not enough superlatives in the English language to praise this kind, smiling, gentle giant who everyone knew as "just Al". Al's friends from outside of the lake were kind enough to fund a commemorative bench placed at Whites Cove in Al's honor. Because of what Al meant to this community by his presence on the Board and his "handy-man" skills available to everyone, the Lake Shawnee Board of Governors has, at my request, approved the dedication of the boat launch area at Whites Cove (which Al was responsible for) in Al's name.

I have engaged a professional sign maker who I have known for years to construct a suitable sign (approved by the Board) dedicating that area in Al's name. I am asking everyone in Lake Shawnee who was fortunate enough to know and love Al or who Al helped with his many skills, to donate what they can to erect this sign to honor our friend. All donations can be sent to the Lake Shawnee Club at 4 West Shawnee Trail, Wharton, NJ 07885 or simply dropped off to Lisa at the clubhouse any Tuesday, Thursday, or Saturday morning. Any excess contributions will be used to help rebuild the second swim team dock. Thank you very much for your anticipated donations.

The Club members of Lake Shawnee wish to send their condolences to the family and friends of Reggie Tate, who passed away in January at his home in Florida.

Reggie was an avid fisherman here in Lake Shawnee and a memorial service will be planned at a future date here in New Jersey.

He was loved by many and will be missed.

Memorial donations can be made to Lake Shawnee Club in his memory.

Valentine's Day Facts

The heart is the most common symbol of romantic love and is associated with Valentine's Day.

Ancient cultures believe the human soul lives in the heart and its red color is thought to be the most romantic.

Red rose is a favorite flower of Venus. For this reason red rose is also the symbol of Valentine's Day. All over the world over 50 million roses are given for Valentine's Day.

Summary of the Lake Shawnee Club Board Meeting

January 5, 2018

The Social Committee reported on the 2017 Great Light Fight. The East side was the overall winner; individual winners were East Side 1st Place Gast – 32 East Shawnee Trail and West Side 1st Place Troha – 3 Shenandoah Crescent. They are currently planning the Winter Carnival for January 29th and are optimistic that with all the cold weather, they will be able to hold the event again after 2 years of cancelling due to no ice. Member, Pat Reis, will be offering Ballroom dance lessons on Mondays for six weeks in February and March for free. Card Night will resume in March (hiatus in January and February). Upcoming events include Pallet Painting on January 12th, Kids Cooking Class with Vince Matrisciano on Feb. 19th and Adult 80's Night on Feb. 17th.

The recent hydro raking project came in way under budget at only \$6600. There was a brief discussion on putting the waste matter on the islands. It was explained that this process is much more efficient and effective; the islands can then be used as habitat refuge for monarch butterflies.

The Board discussed and approved updates to the Club's Standing Rules, which include several revisions to include the new Boat Storage Policy.

The Board discussed and approved several updates to the Lake Shawnee Swim Team Standing Rules.

The Board amended the new Boat Storage Policy to include a provision for handicap members.

The Property Improvement Committee will meet on February 25th to discuss plans for a Clubhouse renovation.

Ice Safety

Outdoor ice sports and activities can be safe and enjoyable, but there is no such thing as 100 percent safe ice. Anyone who spends time near the ice should first determine the ice conditions, and then take precautions to stay safe.

Preventing Ice Accidents

- Follow these guidelines to avoid accidents when
- on or near ice:
- Check the ice thickness before going out. To be safe, ice should be solid and at least 4 inches thick. Remember, the ice may not be the same thickness over the entire area of a lake or pond. Test ice thickness by using a chisel, cordless drill or ice auger.
- Be safe—the more people on the ice, the thicker it should be.
- Use ice on smaller, shallower and slower-moving bodies of water for ice activities, it is usually more solid.
- Look for objects sticking up through the ice and mark them as hazards.
- Do not go out on ice that has recently frozen, thawed and then frozen again. This happens in the spring and early winter as temperatures change often. Wait until the outside temperature has been below freezing long enough that at least 4 inches of solid ice forms over the entire area.
- Always stay with at least one other person.

In Memory of Joan Felter, January 5, 2018

Joan Edith Felter (nee Quent) passed from this life on Jan. 5, 2018. Joan was born in Towaco, NJ on March 26, 1933 & attended Boonton HS.

She worked for NJ Bell in Boonton where she was to meet the love of her life, Milton Felter.

Milt had his pick of many of the telephone operators but Joan caught his eye - she was the prettiest.

At first, when he asked Joan for a date, she turned him down & agreed to go out with him only after he got a new car.

Their courtship was interrupted by Milt's two years in the Army where he successfully defended Chicago.

During this time, Milt became more sophisticated, bought a stylish new suit & brought home a pearl necklace for Joan.

When the new Milt arrived back in NJ, Joan saw her future & the man she would marry.

They married at St. Joseph's in Lincoln Park on Oct. 13, 1957 — they recently celebrated 60 years together.

Joan embarked on her first adventure - a Honeymoon road trip through New York State.

Joan worked at Warner Lambert as a switchboard operator until she had her children & stayed at home to raise them.

Joan was blessed with 4 wonderful daughters & 2 talented & lovely granddaughters.

She was a loving presence in all their lives & took pride in all their achievements.

Joan & Milt have lived in their lakefront home in Lake Shawnee since 1960. Joan loved the peacefulness of the lake, being part of a close & caring community & the quiet life.

She enjoyed visits to New York City & listening to music at local concerts. She loved to read & taught herself to knit & do needlepoint.

She looked forward to days at the beach, her annual Cape May vacation & trips to LBI.

Joan was a gracious lady who had a smile for everyone.

She didn't need the limelight & was comfortable in the shadows enjoying whatever she was doing & wherever she was.

She & Milt took walks around the lake, went grocery shopping together, attended church & shared a strong faith in God.

For too many years, Joan had been ill & endured treatments that were painful & weakened her, but she accepted this in her own quiet manner & rarely complained.

Joan Felter will be remembered by her family, her Lake Shawnee family & her friends as a kind, caring, graceful woman & she will be dearly missed.

The Passing of Anita Norris a true Pioneer of Lake Shawnee ...Su Bedell

Just before midnight on Wednesday- January 17, 2018 - Anita Norris was released from her long suffering battle against Cancer and taken to her heavenly reward. I say that with complete confidence having had the honor of calling Anita my friend for over 20 years. It was hard to plan a date out on Lake Shawnee with Anita as she was involved in so many worthwhile organizations. Really involved. Even while undergoing horrific Cancer treatments, Anita still managed to trek down from her "house on the hill" to fulfill her scheduled duties as an official member of the volunteer squadron that constantly work to preserve our LIGHTHOUSES. Ms. Norris was also a dedicated and extremely active member of the volunteer organization dedicated to preserving not just the historical significance but also the remaining physical structures of the CANAL NETWORKS which were the transportation networks of the NorthEast, especially NJ, before the Rail Roads. Anita was a living Encyclopedia of Lake Shawnee History. She studied for and earned all the water regulatory licenses as soon as they were enacted and continued working as a consultant to many Townships during her "retirement."

Anita was never in the spotlight, but always at her post. I know she's in Heaven, not just because of the good life Anita Norris led, but because the Devil's no match for her.

I know because I'm a bit of a devil myself and I was never a match for my good friend Anita!
